

# Current Delivery Service Opportunities

Australia Post is looking for businesses, or individuals willing to set up a business, to deliver mail and parcels under contract in the delivery areas listed below.

We're committed to giving customers a reliable and personal delivery service. This means we're looking for contractors who can provide a consistent service and, where possible, have the same people delivering in the area each day. If you're successful, you'll be given time to get everything ready, including organising suitable vehicles. Australia Post will provide initial training, and you'll then be responsible for training anyone who works for you.

All genuine enquiries and tenders are welcome. Australia Post does not have to accept the lowest tender, or any tender, and may accept or reject any or all tenders if it's in our best interests.

Please note: the hours listed are a guide only. More detail about how service hours may change is included in the tender forms.

To get more information or request a tender invitation via SAP Ariba, email [atctenders@auspost.com.au](mailto:atctenders@auspost.com.au). Completed tender forms should be submitted through SAP Ariba, you will receive your invite to tender once you have contacted us.
