

Product safety recall

Invisible Ink Spy Pen

IsAlbi

A pen filled with invisible ink, and a UV light in the cap.

SKU: 10008773 and 10007187

Other SKU codes are not affected

Reason the product is recalled

The product does not comply with the [mandatory safety standard for products containing button/coin batteries](#). The button/coin batteries may not be adequately secured and may become accessible to young children.

The hazards to consumers

There is a risk of choking or serious injury if young children gain access to the button/coin batteries, and swallow or place them inside their body.

What consumers should do

1. Consumers must stop using the product immediately and keep them out of reach of children.
2. Consumers should return the items to the Australia Post store where they purchased them, for a full refund.
